

MONTENEGRINS NOW POSSESS SCUTARI AFTER LONG BATTLE

OTTOMAN SOLDIERS ARE SLAIN BY KING NICHOLAS TROOPS AND GIVE WAY AFTER A BRAVE FIGHT.

Cettinje, April 23.—After a final desperate attack lasting twenty-four hours, the Montenegrin troops forced their way into Scutari. The Ottoman army for six months since the middle of October, 1912, had offered a stubborn and heroic defense.

The three final assaults which gave the Montenegrins possession of the city which has been the chief object of their war against Turkey began on Monday night. The Montenegrin army took the offensive and completely surprised the Ottoman defenders by pushing right up to the Turkish positions where they engaged in close bayonet fighting.

The Ottoman soldiers made a number of counter attacks and tried with their utmost energy to drive the attacking force out of their works but they were finally compelled to fall back and leave their positions in the hands of the Montenegrins who received constant reinforcements.

Midnight Gave Control. It was midnight last night when the Montenegrins obtained their footing in the fortress and detachments of the best soldiers entered the city at 4 o'clock this morning.

According to one report, Pasha the Turkish commander in chief recognized the uselessness of further resistance after the capturing of his position of Pashovitch had fallen. He is said then to have ordered his troops to cease their defense of the fortress.

Another report says that the Pasha began negotiating since Monday night. He is said to have been negotiating since Monday night. He is said to have been negotiating since Monday night.

Still another account says that the Turkish troops defended their position to the last. Although the Serbian troops did not participate in the final attack their artillery was used by the Montenegrin gunners and it was said to this fact, their success was largely due.

The act of capitulation was signed by the Turkish commander shortly after the Montenegrin troops had reached the center of the city.

The first tidings of the fall of Scutari was received at 2 o'clock this morning in a telegram from the Crown Prince to the King. The prince was immediately apprised of the news by firing of salutes. Tearing out of bed the people assembled at the palace cheering enthusiastically.

From the balcony King Nicholas addressed his subjects and in full view of the crowds embraced the representatives of the allies who called to congratulate him.

The Turks before capitulating had nearly exhausted their ammunition. By the terms of the surrender they marched out of the town with the honors of war bearing their small arms and retaining all some light guns.

Plans For International Peace Meet With Approval

Washington, April 23.—At the conclusion of a two-hour conference today with the entire membership of the senate committee on foreign relations Secretary Bryan stated that the committee had given a general approval to his outline of a plan designed to bring about international peace.

Secretary Bryan said the details of the plan would not be given until he had talked them over with President Wilson.

The bill idea of a proposed system of treaties as Secretary Bryan outlined it to the committee today is that all international disputes be first submitted to a committee of inquiry and that the report be made public before the countries would be at liberty to proceed to war.

America's relations with foreign nations was the subject of a conference today between Secretary Bryan and members of the senate foreign relations committee.

Mr. Bryan had been asked to appear before the committee to outline his ideas as to a series of treaties looking toward international peace.

Members of the committee had many other questions to put to the secretary of state regarding Japanese, Mexican and British relations.

A resolution bearing upon the Mexican situation and the Chamberlain resolution for the abolition of isthmian canal treaties with Great Britain both of which are now before the foreign relations committee, figure in the conference.

Secretary Bryan urged that the senate agree to a general plan of abstention to the his own suggestion being that nations be limited by agreement among nations and that all questions even though of vital character be submitted first to an arbitration commission before either nation made any steps toward preparing for war.

Wilson's Failure to Distribute Pie May Prove Factor In Tariff Contest

Washington, April 23.—Friends of President Wilson in the senate claimed today to have discovered a trap laid for him by democratic senators who are opposed to some of the schedules in the Underwood tariff bill and who hope to make use of the president's action in delaying the distribution of patronage to force a modification of the presidential tariff program.

The president is to be advised to defeat the plan by distributing all patronage before the tariff bill reaches the senate.

The high tariff democrats in the senate according to the report plan to inform their democratic constituents who are anxiously awaiting the appointment of democratic postmasters and other federal officers that the reason they are not receiving their patronage is because the president is using it as a club to keep them in line for the tariff program.

SCHOOL LAND MONEY INTO GENERAL FUND

Montgomery, Ala., April 23.—Money derived by the state from the sale of the state school lands and the sale of the state school lands will be paid into the treasury of the commonwealth and credited to the general fund for the purpose of paying the state debt.

The bill which was introduced by the senate and passed by the house on April 19, will be introduced in the house today.

The bill will be introduced in the house today and it is expected that it will pass the house and the senate.

The bill will be introduced in the house today and it is expected that it will pass the house and the senate.

Japanese Issue Alarms Wilson; Bryan May Go On To California

Sacramento, Cal., April 23.—Gov. Hiram Johnson will not invite Wm. J. Bryan to California. This report was circulated here shortly after a conference between Johnson and leaders of the legislature ended this morning.

It was reported here that it was also agreed at the conference that there should be no further delay but the anti-Asian bill would be pushed through at once.

Washington, April 23.—President Wilson affirmed at the development of the California Japanese situation that he would support Hiram Johnson and the legislature of California to require whether it would be advisable to have Secretary of State Bryan visit Sacramento to co-operate with the California authorities in the framing of an alien land bill which would not trespass on the treaty obligations of the United States.

The president's message to Governor Johnson reads: "Thank you for your patriotic telegram. We find it an difficult from this distance to understand fully the situation with regard to the settlement of the Japanese by the back of the pending proposition concerning the ownership of land in the state that I venture to inquire whether it would be agreeable to you and the legislature to have the secretary of state visit Sacramento for the purpose of consulting with you and the members of the legislature and co-operating with you and them in the framing of a law which would meet with the views of the state and yet leave unimpaired the international obligations of the United States."

Jack Johnson is fined \$1,000.

TOWNS INUNDATED IN OLD MISSISSIPPI BY RIVER'S BREAK

Greenville, Miss., April 23.—The break in the Mississippi river near Mayersville was more than 1,500 ft wide this morning and both ends of the levees are crumbling rapidly.

Parts of the town of Mayersville, which has a population of 700, is flooded to a depth ranging from 4 to 7 feet and the water is spreading rapidly over the rich farming lands of Itasca and Sharkey counties.

The water is also backing up into the lower part of Washington county, and the towns of Allen and Hampton and the villages of Alhambra, Lexington, Booth and Grace probably will be inundated within the next twenty-four hours.

Train service on the main line of the Yazoo and Mississippi Valley railroad and on the Greenville-Belling Fork branch has been discontinued, but relief trains are being run north from Vicksburg with south from Greenville to the edge of the over-flooded territory.

Human beings and cattle are being rushed to high ground as rapidly as possible. Only two destitute men have been reported from the vicinity of the levee although several families and the members of one white family are missing.

Several hundred refugees from the flood district arrived in Greenville yesterday and last night and hundreds of others are expected by steamers and launches to Vicksburg and other points. That more than 12,000 people will be made homeless as a result of the breaking of the levee is probable.

The levee at Mayersville, eight miles north of Greenville, is in a deplorable condition and a large mass of workmen was rushed there this morning.

The Mayersville district has resulted in the river falling at the rate of more than two feet a day at Greenville, and at Vicksburg a fall of three feet in 24 hours was recorded during the twenty-four hours ending at 7 p. m. today.

Thursday, April 24, 1914

When you learn people real well you overlook many of their defects.

When a blackberry crop is a full acre in Alabama it is then time to fly into an going to some other section.

It was not expected that Mr. Underwood would propose a tariff bill the republicans would like.

Capt. Hobson had nothing to do with bringing off this day war talk just at this period.

Detective Burns reminds the depleted treasury that it takes money to hunt an absconding official.

Montgomery has nothing ahead of her now but the baseball season, as the convict probe has been passed.

Capt. Hobson is coming away from Washington to tell us no doubt that the yellow peril slighted several years ago, is about due.

If the commission form of government works all right in Jersey City, it will not mean that New York is liable to take it up.

Since Secretary Daniels has had charge of naval affairs, it has been detected that no reports of sea serpents have been sent out recently.

After all, Colonel Bowman's conduct since he was booted out of office by the governor, has been above suspicion.

When you sit down to the table and don't find just what you want, then eat the next best thing to it and behave yourself. Some political claps are made that way.

Congressman Hobson is to take a little vacation long enough to come home and get his beam for the senate in working order before we begin swatting the flies—house flies.

Political year in Houston county is to be the same year that the hell weevil is due here. We should be glad retrenchment work how, while the retrenching is good.

The timber for the 1914 campaign is just as good as it ever was, and during the next few months many people will be busy putting the good foot forward.

Pro Moore, now that his connection with the weather department at Washington ends, will no doubt fall into the habit of criticizing the weather man's predictions and calling attention to the unreliability of such guesses.

The police, which usually have more clout than they have any use under the sun for, don't seem to be able to catch Mr. Lacy, let of the convict department of the State of Alabama.

The ice hominy consumers of Birmingham would call the attention to the fact that Alabama is thinking only about half enough corn to feed the people of the state. We had never thought of this. You are we are down here in the corn and cotton belt, where we make two or three times as much corn as we need of both. But we have fallen into the habit of making just as much corn as we need, and then we devote the other half to making cotton. That may be changed within the next few years.

It was about a year ago that the state sent a man to Sims, Ala. to look through that educational institution and get a line on Mr. Fred Brown's financial record. It was about a year ago that the state sent a man to Sims, Ala. to look through that educational institution and get a line on Mr. Fred Brown's financial record.

**WRONG GUESS**  
This is something I did not expect. Purple Cow, if there is a purple cow, it is not in this section. It is not in this section. It is not in this section.

If President Wilson had not had the bad game and had not had the bad game and had not had the bad game, the world would be a different place. It would be a different place. It would be a different place.

Since reading John Wilkes' announcement for yesterday's attack with the width of things that can be worked up into a good platform. But speaking of platform material, how many there have you watched the raw material till it was worked up into the finished product? If there was ever a time in the history of the state of Alabama when good platforms were being around getting worked by the burning rays of the April sun it is now.

We knew a man once that took a notion that his hair was falling out and that he needed a little oil for it and he kept working at his hair, till it came out in patches here and there like grass coming up in a new ground. Having been the spots where the brush was burned he never once thought about giving his scalp the proper amount of exercise to keep up the circulation. And we knew another man who did so much to his hair to make it so beautiful and thick and green. He ruined it, and came very near losing it. Instead of having a good stand of grass, his hair looks like the state on a boy's feet in the fall of the year, from summer sores.

## Appropriations

Teddy should lecture there

Only one child was born to every thirty families in Paris last year which city would not be a death place for a baby carriage factory.

Lamb Not Visible

Speaking of Champ Clark and Secretary Bryan, someone says that he has heard that the hen and the lamb sometimes lie down together but he has also noticed that when they do the lamb is never visible.

No "Love, Honor and Obedience"

In a St. Paul Minn. marriage the bride and groom mutually promised mutual esteem and they are now trying to live up to this high standard.

Alabama Must Raise More Corn

Alabama raises a little more than half the corn she uses. There should be a surplus and Alabama mills should supply the meat. It is a hominy used by our people. Even the hominy is imported and sold in large quantities in the Birmingham market. Alabama farmers do not utilize their best market. Our best produce better corn and more of it per acre than the farms of Iowa. Let us eat Iowa corn (Birmingham) fudge.

Hell Weevil Will Destroy Here

It is pointed out by entomologists that the hell weevil will flourish much better in this section of country than he did in Texas where winters are severer and where he is consequently liable to find harder for existence. In South Georgia for instance the weevil

will be able to hide in the underground of abundant orchards from 1 to 2 years. After a year and will be in the pink of condition for another year of the same kind of work.

Where one man's Word

When a man is in a bad way, he is in a bad way. When a man is in a bad way, he is in a bad way. When a man is in a bad way, he is in a bad way.

N. Walker, of Luverne, is looking after business interests in the city today.

J. M. Conlin of Albany spent a while in the city yesterday.

P. T. McClure of Okla. spent last night in the city.

J. I. Seals of Troy was in town last night on business.

J. A. Loggum of Troy was here Wednesday night.

Invigorating to the Pale and Sick. The Old Standard general strengthening tonic GROSS'S TONIC has been sold in the city. It is a true tonic for adults and children. See it at the city.

F. Rowell Holt of Montgomery was here yesterday and last night on business.

J. P. Strickland came up from Hartford last night.

R. L. John of Troy spent last night in the city on business.

**Deafness Cannot Be Cured**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by a constitutional remedy. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, it swells and shuts out the air, and hearing is lost. It is entirely cured by the use of the Eustachian tube. It is a simple, safe, and sure cure. It is a true tonic for adults and children. See it at the city.

**THE LATE VICTORY**  
The fire department was called out late yesterday to a fire which proved to be out of the fire. The home of a Mr. Day on about a mile north of town had caught fire and owing to the fact that the premises could not be reached with water it was allowed to burn to the ground. Everything in the house with the exception of a few small number of household articles was burned.

**When You Decorate**  
Consider well that the new wall papers show the most marked progress of all decorative materials and your home can be more attractive at a modest cost.  
The new Cut out Borders and decorations will add a distinctive charm to your home. They offer you exclusive decorations for every room in your home.  
They solve the question of new decorations for the Living Room, Dining Room as well as the Bedrooms.  
**Phone 351**  
**Brown & Flowers.**

**CAN YOU DOUBT IT**  
When the Proof Can be So Easily Investigated  
When so many grateful citizens of Dothan testify to benefit derived from Doan's Kidney Pills can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a respondent of Dothan says about Doan's Kidney Pills. Can you demand more convincing testimony?  
Mrs. Mary Solomon 740 S. A. plester St. Dothan, Ala. says: "Doan's Kidney Pills are a splendid remedy and do all that is claimed for them. I had kidney trouble and the kidney secretions were all over my back hurt me and I was nervous and dizzy. I slept poorly and mornings felt all tired out. Finally I began using Doan's Kidney Pills. They made me strong and well."  
For sale by all dealers. 100 cents. Foster-McGraw Co. Buffalo, N. Y. sole agents for United States.  
Remember the name Doan's and take no other.

Mr. and Mrs. J. D. Worrell of Webb were here today.

Charlie Malone of Cottonwood is in town today.

**ICE CREAM SUPPLY**  
The ladies of the Highland Avenue Baptist Church will serve ice cream on the lawn of the church this evening from 7 to 10 o'clock.  
We will be pleased to have all present who feel an interest in our church. The proceeds will go to the poor fund.  
Cake and cream 10c.  
Come.

**A BIG BARGAIN**  
One of the best bargains ever offered in the way of a choice 10th 25 acre farm with house and barn in ten minutes drive of Dothan. Splendid land and 24 acres in cultivation. Both spring and well on place. Price \$1125 only \$250 cash and balance in November or December. \$75.00 rent will be deducted from price. Must be bought at once if you want it.

**AVIATOR MARKS**  
San Diego Cal April 23—Lieut. Samuel McLean, United States Army aviation corps in an army airplane Tuesday remained over the air more evasive Maryland during target practice with the eight instructors to test the effect of concussion of the stability of the machine.  
The test was made at an altitude of 5000 feet and although the machine rocked dangerously whenever the guns were discharged, the aviator succeeded in holding it each time.  
During the firing, Lieutenant McLean also tested a new range-finding device swooping down as near to the cruiser as possible after each shot and signaling to the range-finding officer the distance determined by the aid of the new device.

**COBB TO SIGN CONTRACT**  
FOR \$12,500 PER YEAR  
Detroit Mich April 23—Ty Cobb the Tiger player will reach here Thursday from his August 10th home which he left last night. He will sign a contract that calls for a straight salary of \$12,500 and bonuses.  
This was the information announced today from a person close to the Detroit management and who is
